INTRODUCTION
There is no doubt that the only guaranteed event that will definitely face each and every single living being; be they male or female, rich or poor, black or white, sick or healthy, is death. Despite the uneasiness people feel in talking about or even merely thinking about this dark topic, due to its unavoidable and inevitable nature, it only makes sense to prepare for it. This publication is designed to allow people to fully prepare for its occurrence in the event of someone in the near family passing away. It features a practical guide of what needs to be done, fulfilling both governmental and Islamic requirements. Thereafter it goes through the complete Islamic rites of passage, including the relevant prayers, avoiding customs which are usually adopted by people ignorant of the correct Sunnah method. This treatise covers what needs to be prepared at the time of someone else’s death, it is also hoped that it can be a reminder for each of us to prepare for our own inevitable end.

EVENTS PRECEDING DEATH
A person on whom the signs of death are clearly seen is called a muhtadar. It is sunnah to let them lie on their right side facing the Qiblah. It is permitted that they be positioned to lie on their back with their feet towards the Qiblah, and the head slightly raised with a cushion so that it faces the Qiblah. All the bed linen must be tahir (clean). If moving the muhtadar causes them any discomfort then leave them in any convenient position. It is desirable to use loban (Frankincense), Attar (perfume) or any other aromatics that are tahir in the room. At this time the recital of Surah Yasin and Surah Ar Ra`d is recommended. This may be done in the same room. When one is incapable of reciting the Qur’an, someone else may be requested to recite these chapters or any other portions of the Qur’an.

Talqin: Talqin is to remind the dying, of the Shahadah.

ASH-HADU ‘ALLA ILAHA ILLAL-LAHU WAHDAHU LA SHARIKA LAHU WA ASH-HADU ANNA MUHAMMADAN ‘ABDUHU WA RASULUH.

I testify that there is none worthy of worship but Allah, One is He, no partner hath He, and I testify that Muhammad (SAW) is His servant and His messenger.

When the end nears, the dying person's breath quickens, the knees become so weak that they cannot move, the nose becomes bent and the temples subside. By these signs understand that the person is nearing their end. The talqin should be read before the dying person takes their last breaths, the muhtadar must not be asked or ordered to read the kalimah, but must be helped to recall it. i.e. those present should continually repeat it aloud, in front of the dying. Once the departing person utters the kalimah, all who are present should remain silent. The dying person should not be drawn into any worldly discussions, but if they discuss any worldly affairs, then the talqin should be repeated.
PRACTICAL TASKS IMMEDIATELY AFTER THE MOMENT OF DEATH
FOR MUSLIMS
1. As soon as a person dies their eyes should be gently closed.
2. Gently press the chin upward while holding the top of the head. Then place a strip of cotton under the chin and around the head, tying it firmly at the top. (if necessary)
3. Remove any jewellery such as rings, necklaces, bracelets and nose studs. (It is especially important to remove rings before swelling occurs).
4. Straighten the limbs carefully and gently. If they will not straighten (i.e. due to a stroke) do not force them, as this could cause breakage.
5. The face should be turned towards Qibla (towards the right if possible)
6. Place the toes together and bind (if necessary) the ankles carefully.
7. Do not cut nails or remove unwanted hair from the dead body.
8. The body should be covered by a tahir (clean) sheet until the time of the deceased’s bathing.

IF DEATH OCCURS IN HOSPITAL AND CAUSE OF DEATH KNOWN
1. If the doctor is aware of the cause of death then he/she will issue a Medical certificate so that the disposal certificate can be obtained from the registrar of Deaths. The medical certificate can be obtained from the Bereavement Administration Office (01724-290009). The person collecting the certificate need not be the next of kin. The office is based on the first floor off the main Church Lane entrance towards Wards 16/17.

Office hours are:
Monday 09.00am – 4.00pm
Tuesday 08.30am – 5.00pm (12.30 – 1.30.pm closed)
Wednesday 09.00am – 4.00pm
Thursday 09.00am – 4.00pm
Friday 08.30am – 5.00pm (12.30 – 1.30.pm closed)

Normally you will be provided with:
1. A medical certificate which states the cause of death. This will be in a sealed envelope addressed to the Registrar.
2. A formal notice that states that a doctor has signed the medical certificate. This may be delayed if the Coroner has to be informed (see later section on “The Coroner”)

The doctor may want to carry out a post-mortem but he/she has to obtain the permission of the nearest relative. If a post-mortem is required purely for the satisfaction of the doctor or the hospital then the permission is not normally given by the relative, in which case the body will be released to the undertaker for burial and procedures outlined on burial arrangements should be followed.
3. Normally they would transfer the body from the Ward to the hospital mortuary. But if arrangements are made swiftly then the body can be collected by the undertaker from the ward and taken to the **Mosque Mortuary or Appointed Undertaker for Muslims**. It is important to bear in mind that the death must be registered in the district or borough of the hospital where the death takes place. Once the doctor has issued the **Medical Certificate**.

WHEN TO HOLD A MUSLIM FUNERAL
According to Islamic law (shariah), the body should be buried as soon as possible from the time of death, which means that funeral planning and preparations begin immediately. The Local community above will help make arrangements for the funeral service and burial (if required). They will also assist in identifying an appropriate funeral directors and co-ordinate with the local authorities for burial (if required). Because of the prohibition of embalming and cosmetology, and the urgency in which the body must be buried, it is not permissible to transport the body from one country to another (repatriation of deceased).

Many Muslims living in the United Kingdom have a desire to be buried in the country of their ancestry. This cultural practice, while acceptable in some communities, is a conflict with sharia. If you require any more information on this, please contact your local mosque.

CREMATION IS FORBIDDEN FOR MUSLIMS
CORONER
1. The CORONER (a qualified doctor or lawyer) will probably arrange for a post-mortem examination of the body. The consent of the relatives is not needed for this but they can choose a doctor to be present. The main purpose for carrying out the post-mortem is to ascertain the cause of death.

2. The CORONER’S office will issue a PINK form if the post-mortem shows that death was due to natural causes. You must take the PINK notice to the Registrar of Deaths to obtain a Certificate of disposal and a Certificate of Registration of Death.

3. The rest of the procedures are exactly the same for burial arrangements (as on pages 5 & 6).

4. If after the post-mortem examination, the cause of death is uncertain or was due to an accident, violence, or industrial disease then an inquest will be held.

AN INQUEST
An Inquest is an inquiry into the medical cause and circumstance of death. It is held in public and is sometimes with a jury. It is up to the CORONER on how to organise the inquiry in a way to best serve all parties. Relatives can attend and ask questions to witnesses with the CORONER’S permission, or be represented by a lawyer. It may be important to have a lawyer to represent you if death was caused by a road accident or an accident at work, which could lead to a claim for compensation. But you cannot get legal aid for this. After the inquest the CORONER will give free of charge an order for burial or will send a certificate to the Registrar stating the cause of death. The death cannot be registered until after the inquest, but the coroner can give you an interim death certificate to prove the person is dead. You can use this to let organizations know of the death and apply for probate.

HOW TO GET IN TOUCH WITH CORONER IF REQUIRED (OUT OF HOURS/HOLIDAYS)

The families can either ring the Coroner’s Office direct (01472 324005) where there are instructions for them to follow and a mobile number is given if it is an emergency or it is usually better for family funeral directors to liaise with the Coroner’s Officer on their behalf.

FUNERAL (JANAZAH) arrangements

Once the Registrar has issued the Death Certificate and the undertaker has confirmed the time of burial (this is done in association with the local authority), arrangements should be made for bathing of the body and janazah. The undertaker will transport the body from the hospital to the place of washing. If burial is to take place the next day, most undertakers do have facilities to keep the body overnight in the mortuary. At present a number of mosques throughout the country do have facilities for a mortuary.

CHECK LIST FOR WASHING AND SHROUDING OF THE DEAD.

1. 5 pieces of clean sheets, preferably white material, cut into the required lengths. (see below “SHROUDING”)
2. Approximately 15 yards of material required.
3. 5 wraps for a woman.
4. 3 wraps for a man.
5. 3 thin strips of cotton for tying the shroud. One long enough to go round the middle of the body and two shorter ones to secure the ends of the shroud. (only if required)
6. 2 pieces of thicker material of any dark colour to cover the body while washing - toweling material is recommended. Each sheet should be large enough to cover the body fully with over hang at the sides. (black single bed sheets is generally used), there should be no Quranic scriptures on these items.
7. 2 large clean towels for drying the body. These should preferably not be new, as towels that have been washed absorb moisture better.
8. Cotton buds, and 4 small flannels (towels).
10. 2 bags of Cotton wool and Shampoo (if required)
11. 4 bars of soap (Dove) and liquid soap in a dispenser (if required).
12. Nail polish remover, (if required).
13. 2 pairs of scissor, (masking tape and plaster if required)
14. Mothballs, 1 litre of Rose water and a non-alcoholic form of perfume (attar) 2 off.
15. Bin bags for disposing of rubbish and for taking soiled material and towels to be washed.
16. Jug and a large bucket.

THE METHOD OF WASHING

It is recommended that at least four people be present to help bathe and carry the body (6 ladies in the case of a female death). Priorities of washing firstly lie with the next of kins i.e. Sons, Daughters, Brothers etc.
- Washing will normally take place at the undertaker’s premises, or at the Mosque (Masjid) where facilities are available.
- The Imam of the Masjid will usually be available to guide the washing and shrouding (kafn) of the deceased.
- Only women should wash female bodies and men should wash male bodies. A Woman may also wash the body of a young (minor) boy.
- The dead body should be handled very gently, hard rubbing must be avoided.
- Everyone should be wearing disposable gloves.
- All those assisting should help to lift the body carefully and gently onto the washing table, at the same time someone should hold the head and the feet.

- One person should hold the head of the deceased firmly but gently from each side, for the rest of the process, to avoid the possibility of breaking the neck. (This job can be given to a relative who may not feel confident to assist in the washing).
- Then the washer should begin by covering the body from the neck to the ankles for (females) or at least from navel to knee for (males) with one of the thick sheets.
- Four people should hold the sheet slightly raised from the body, in order to allow the washer and his/her assistants to work unhampered.
• Intravenous drips or catheters etc. should be removed where possible (if already not
done by the hospital). If the tubes cannot be fully removed then cut as near to the
skin as possible. This is likely to cause bleeding, so place a small pad of cotton wool
over the wound or tube and secure it with masking tape or plaster. Also remove any
dentures.
• Remove any nail polish with cotton wool and nail polish remover.
• Cut away any hospital clothes and discard.
• Make sure all the equipment is ready and that the water in the shower is warm, or if
using a jug, mix the water to the correct temperature in a large bucket.
• The person washing should then press the stomach of the deceased firmly but gently
and clean the excreta with wet cotton wool and wash away until fully clean.
• If the person died recently, the head and shoulders can be slightly raised while the
stomach is pressed to assist the evacuation of any waste materials. However
extreme caution should be taken, especially in the cases of death during childbirth or
during an operation, as this can cause excessive bleeding.
• The body should then be tilted to the left side, and the area of the back passage
should be similarly cleaned with flowing water.
• Then the areas washed in WUDHU (ablution) should be washed i.e. the hands and
arms, three times starting with the right. Then wash the face 3 times, then wipe over
the hair from the forehead backwards. Then finish by washing the right foot to the
ankle and then the left foot to the ankle. The mouth and nose are washed three times
only if the deceased was in a state of ritual impurity that would have obliged them to
make GHUSL (ritual bath) before praying. (i.e. if the deceased was menstruating)
• This can be done with small pieces of wet cotton wool, which are then discarded.
• At this point, it is a good idea to place thick pads of clean dry wool over the eyes,
mouth, ears and nose. This is to prevent excess water running in during the main
washing.
• Next, wash the hair with water and shampoo. According to the Sunnah, for females if
the hair is braided it should be undone, washed and then parted into half and
brought forward to the front. If a headrest is available this should be used during the
washing of the hair otherwise two people can support the shoulders.
• It is advisable to wash the neck at the same time. This is to limit the number of times
the body is moved.
• The washer should soap and wash the front of the body. (Excess movement should
be avoided throughout the process).
• This should be done quickly without staring at any exposed part of the body. Always
ensure that the water is flowing away from the body and is not accumulating
underneath it at any point.
• The body should be tilted to the left to soap and wash the right side of the back and
then tilted to the right to soap and wash the left side of the back. While tilting the
body, again check for any discharge of excretion, washing the area thoroughly with
plenty of water if any is found.
• If there are any tube or wounds that have been covered with cotton wool, remove the
soiled cotton wool, wash the area quickly and tape a fresh pad over the wound.
• The whole body should then be rinsed with clear, warm water leaving no trace of
impurities or soap.
• The body should be rinsed an odd number of times, the preference being given to three, according to the Sunnah. There is no harm if members of the family wish to help with the rinsing.

• The last rinse should be done using (moth balls) and rose water, which may be dissolved in warm water in a bucket.

• The body should then be dried. One towel should be draped around the head in order to dry the hair. The second towel should be used to dry the body on the front sides. At the same time the wet sheet should be removed and a clean, dry sheet should be placed over the body. All this should be done without exposing the private parts of the body. (e.g. two people should hold the wet sheet slightly raised from the body. The towel is then used to dry the body. As it is taken down the body, two more people follow with the rolled up dry sheet, gradually enfolding it as they go).

• The body is tilted to the left side and the towel is placed underneath and tucked as far under as possible. The body is then tilted to the right side and the towel drawn through. It is useful at this point for someone to quickly wipe the table with paper towels to take up the excess moisture. (This only applies when the table is not equipped with straps or rollers, which raise the body slightly from the surface).

• Finally, the body should be perfumed an odd number of times, preferably three according to the Sunnah. A non-alcoholic form of perfume should be used. Attar can also be put on the body. The table is then wheeled next to the coffin which should be on a table of similar height. The shroud should already be laid out in the correct order in the coffin as mentioned in Section How to lay the Shroud.

• Then everyone present should help to lift the body gently and carefully as possible into the coffin. One person still remains holding the head and another should be at the feet. Then several people stand on the far side of the coffin to receive the body and several next to the table to lift the body. The body is carefully raised and passed over, and then lowered into the coffin.

• The towel underneath should be kept in place until the body is in the coffin and the body should be tilted to side, rolling the towel up and then sliding it out.

• The body is then shrouded as described in the method for shrouding.

TAKING A SHOWER AFTER BATHING THE DECEASED
For a person who bathes the body of the deceased, it is desirable (Mustahab) that he/she themselves take a bath once this process is over. According to a narration from the blessed Companion, Abu Hurayra. The Holy Prophet (SAW) said:

"The person who bathes the deceased should himself take a bath."

5. PURCHASING THE SHROUD
A shroud should be of good quality but not extravagantly expensive. It is not permitted for a man to be buried in a silk shroud. Nor is it permissible for a female as this is extravagance.

The shroud or its price should come from the wealth of the deceased even if that is the only wealth he or she has. If there is no money the responsibility then falls on the guardian, then the public treasury, and then, the individual Muslims of the family, in the order of closeness to the deceased.
PREFERABLE PRACTICES IN SHROUDING
The shroud should be pleasant, clean and large enough to cover the entire body.
Twenty-two yards of material will be needed for the shroud as some wraps need to be
double in width to make them wide enough for wrapping.
A shroud should be white, as this was the practice of our beloved Prophet, (SAW).
The shroud should be scented and perfumed. The shroud should be 3 wraps for a man
and 5 wraps for a woman.

WOMAN'S SHROUD
Material 60" wide (5ft)                     Length                     Width

NOTE:
If a pilgrim dies, he is to be washed in the same way any non-pilgrim is washed, but he
should be shrouded in his Ihram. His head should not be covered, nor should any
perfume be applied to his body, because the restrictions of Ihram still apply to him.

6. HOW TO LAY THE DEAD IN THE KAFN (SHROUD)
The method of shrouding
1. Place three thin strips of cotton material for tying the shroud tape them outside the

6. Fold the Izar the left flap first and then the right over the Qamis and scarf.
7. Now close the Sina’band (chest cover) in the same manner as above.
8. Close the Lifafah, the left flap first then right.

PROHIBITED ARTICLES IN THE KAFN
1. It is prohibited to enclose any charter, or verses of the Holy Qur’an or any du’a in the kafn.
2. It is forbidden to write the Kalimah, or any other du’a on the kafn or chest of the dead person.

WHAT TO DO AFTER THE KAFN
With the completion of the ghusl and the Kafn, the Mayyit (deceased person) is ready for the Dafn (burial). The Janazah salaah should be arranged without delay. Rasulullah has said, ‘If a person passes away, hasten him to his grave and do not keep him away’. The Janazah salaah must be arranged quickly and the Mayyit should be buried in the nearest Muslim graveyard (cemetry).
To transport the body over long distances is undesirable. It is also makruh to delay the Janazah salaah and wait for the latecomers to increase the congregation.

IMPORTANT
It is ONLY permissible for the Mahram woman folk of the deceased male to see his face. They are his wife, mother, grandmothers, sisters, aunts, daughters and grand daughters. The Shariah does not allow any other woman to view the face of the deceased male. Similarly only the Mahram males should view the face of the deceased female. In both cases of the male and female Mayyit, the face of the dead person should not be kept open after the Kafn is put on. The Quran may be recited next to the body before the Janazah is carried away.

7. HOW THE JANAZAH SHOULD BE CARRIED
1. If the deceased is an adult, it should be put on a Janaazah and carried on the shoulders by four men. It is Makruh to transport the corpse by hearse over short distances unnecessarily.
2. If the deceased is an infant or small child, it should be carried in the arms individually by different persons.
3. All those who lift or carry the Janazah should recite:
   BISMILLAHIR RAHMANIR RAHIM
   In the name of Allah, Most beneficient, Most Merciful.
4. Those accompanying the Janazah should not sit before it is lowered to the ground. The sick and weak are excused.
5. It is Masnun to carry the Janazah hastily, but Not in a manner that the body is jolted or shaken about.
6. It is Mustahab to follow the Janazah, and not to go ahead of it.
7. It is Makruh for those accompanying the Janazah to recite any du’a or ayah of the holy Qur’an aloud. They may, however, read softly.

LA ILAHA ILLAL-LAHU MUHAMMADUR RASULUL-LAH
There is none worthy of worship but Allah, Muhammad (SAW) is Allah’s Messenger.

One should abstain from speaking of worldly affairs or laughing and Joking.
8. JANAZAH PRAYER (FUNERAL PRAYER)

It is the right of a Muslim that when he passes away other Muslims should pray Janazah prayer for him. Janazah prayer is a supererogatory prayer. If no one from the whole of the Muslim Community offers the Janazah Prayers, then the whole community will be considered sinful in the sight of Allah. If some of the people offer the Janazah prayer then the whole community will be saved from the anger of Allah even though the reward will only be given to the participants. In many a hadith, the Prophet Muhammad (SAW) emphasised and encouraged the Muslims to attend funeral ceremonies. So every Muslim male should try his best to fulfill his duty towards the deceased.

1. Janazah prayer should be offered in congregation, as this is more rewarding. It can be prayed in more than one congregation but by different people.
2. Janazah prayer should be offered in an open place but in case of rain or bad weather or any other reason it can be prayed in a mosque or a hall, etc.
3. It is makruh to perform the Janazah salaah while the sun rises, when it passes the meridian (Zawaal) and when it sets. Besides these three times, which last for a very short period, this salaah can be performed at any time during the day or night. It can also be read after the Asr salaah.

WHILE PRAYING JANAZAH PRAYER

The Imam should stand level with the head and shoulders of the dead body of a male, and should stand level with the abdomen of a female body.

WHERE JANAZAH PRAYER DIFFERS

Janazah prayer is very different from other prayers in the sense that there are no ruku or sujud or tashahhud in it. There is no fixed time for offering this prayer but makruh times must be avoided. It has to be offered standing up. Other conditions like purification, facing Qiblah, dress etc. have to be observed as in the usual prayers

CONDUCT OF JANAZAH PRAYER

a) Like other prayers, facing the Qiblah is a necessary condition. The Imam should advice the people to straighten the rows. There should be an odd number of rows as it is more rewarding.

b) Intention: Making intention is necessary in Janazah as it is necessary in other prayers. Before beginning prayer, the intention should be made in the heart as uttering any words of niyah aloud was not the practice of Prophet Muhammad (SAW), nor of his Companions.

c) First takbir of Takbir Tahrimah: Janazah Prayer contains 4 takbirat. First takbir is Takbir Tahrimah. The Imam says Allahu Akbar and raises his hands up to shoulder level with fingers stretching to the earlobes and the congregation does the same. Then the Imam folds his hands on his navel or chest, right hand over left.

d) Du`a of Starting: After the Imam has initiated the Prayer, the person can read one of those Du'a which are recommended in the first rak’ah of the usual prayer before recitation of Fatihah.

For example :-
SUBHANAKAL-LAHUMMA WA BIHAMDIKA WA TABARAKAS-MUKA WA TA` ALA JADDUKA WA JALLA THANA UKA WA LA ILAHA GHAYRUK.
“Glory be to you, O Lord, and all Praises are due unto you, and blessed is your name and high is your majesty and your praises Are elevated and none is worthy of worship but you.”
This is the normal opening du`a of salaah with a small addition towards the end.
Thereafter the Imam will say the second takbir

SECOND TAKBIR
Then the Imam should say the second takbir and the congregation should follow. One should not raise the hands.

AFTER THE SECOND TAKBIR
After the second takbir the person praying Janazah should recite Durud in his heart. It is preferable to read the Durud, which is recited inTashahud.

ALLAHUMMA SALLI `ALA MUHAMMADIW-WA `ALA `ALI MUHAMMADIN KAMA SALLAYTA `ALA IBRAHIMA WA `ALA ALI IBRAHIMA INNAKA HAMIDUM-MAJID

ALLAHUMMA BARIK `ALA MUHAMMADIW-WA `ALA `ALI MUHAMMADIN KAMA BARAKTA `ALA IBRAHIMA WA `ALA ALI IBRAHIMA INNAKA HAMIDUM-MAJID

O Allah shower Thy Blessings on Muhammad and the descendants of Muhammad as Thou did shower Thy Blessings on Ibrahim and the descendants of Ibrahim; Thou art the Praiseworthy, the Glorious.

O Allah, Glorify Muhammad and the descendants of Muhammad as Thou did Glorify Ibrahim and the descendants of Ibrahim; Thou art the Praiseworthy, the Glorious.

THIRD TAKBIR
Then the Imam should say the third takbir and the congregation should follow. One should not raise the hands.

DU`A OF JANAZAH (FOR AN ADULT MALE OR FEMALE)

A. Abu Hurairah said that the Messenger of Allah prayed Janazah of a Muslim and he said in his du`a (the following words):-

ALLAHUM-MAGHFIR LI HAYYINA WA MAYYITINA,
WA SHAHIDINA WA GHA`IBINA, WA SAGHIRINA
WA KABIRINA, WA DHAKARINA WA UNTHANA,
ALLUHUMMA MAN AHYAYTAHU MINNA
FA AHYIHI `ALAL ISLAM, WA MAN TAWAF-FAYTAHU
MINNA FATAWAF-FAHU `ALAL IMAN.

O Allah, forgive our people who are still alive and who have passed away, forgive those who are present here and those who are absent, forgive our young and our elderly, forgive our
males and females. O Allah, the one whom you wish to keep alive from among us make him live according to Islam, and anyone whom you wish to die from among us, let him die in the state of Iman (Belief).

B. `Awf bin Malik said that the Messenger of Allah prayed a Janazah and I heard him saying the following du’a and I memorised it.

ALLAHUM-MAGHFIRLAHU WARHAMHU WA`FU `ANHU WA `AFIHI WA AKRIM NUZULAHU WA WASSI` MUDKHALAHU, WAGHSILHU BIL MA`I WATH-THALJI WAL BARADI, WA NAQ-QIHI MINAL KHAYATA KAMA YUNAQATH-THAWBUL- ABYADU MINAD DANASI WA ABDILHU DARAN KHAYRAM MIN DARIHI, WA AHLAN KHAYRAM MIN AHLHI. WA ZAWJAN KHAYRAM MIN ZAWJJI, WA ADKHLILUL-JANNATA, WA QIHI FITNATAL QABRI WA `ADHABAN NAR.

O Allah, forgive him, have mercy on him, pardon him, grant him security, provide him an enjoyable place and spacious lodgings, wash him (of his sins) with water, snow and ice. Purify him from his sins as a white garment is cleansed from dirt, replace his present abode with a better one, replace his present partner with a better one, make him enter paradise and save him from the trials of the grave and the punishment of hell."

DU’A FOR MINORS
BOYS:
ALLAHUM-MAJ`ALHU LANA FARATAW WAJ`ALHU LANA AJRAW WA DHUKHRAW WAJ`ALHU LANA SHAFI`AW WA MUSHAFFA`A

O Allah, make him a means for our salvation, and make him a reward and treasure for us in the Hereafter, and him an intercessor for us, one whose intercession is accepted by you.

GIRLS:
ALLAHUM-MAJ`ALHA LANA FARATAW WAJ`ALHA LANA AJRAW WA DHUKHRAW WAJ`ALHA LANA SHAFI`ATAW WA MUSHAFFA`AH

O Allah, make her a means for our salvation, and make her a reward and treasure for us in the Hereafter, and her an intercessor for us, one whose intercession is accepted by you.

There are also other du’ā which are narrated from the Prophet Muhammad and they can be found in the various books of hadith. Any of them can be read but the above are generally more accepted, and well known.
LATE COMERS TO THE JANAZAH SALAHAH
When a late comer fears that if he engages himself in wudhu, he will miss the Janazah salaah, then it is permissible for him to make Tayammum and join the Jam'ah. This rule applies to the Janazah salaah only.
Whoever arrives for the Janazah salaah after the Imam has said one or more Takbir, should wait and join the Imam when he says the next takbir. After the salaam he should complete the missed takbir by merely saying Allahu Akbar once for every takbir missed. No du’a should be read. If the Imam has completed the fourth takbir then too, the late comer should join and complete all the missed takbir, (before the Imam says the Salaam).

AT THE TIME OF BURIAL.
At the time of burial, when lowering the body into the grave, this Du’a should be recited:

BISMILAHI WA BIL-LAHI WA `ALA MILLATI
RASULIL-LAHI SALLALLAHU `ALAYHI WA SALLAM.

In the name of Allah and on the creed, religion and faith of Rasulullah 

9. THE SHAR'I METHOD OF DAFN (BURIAL)

1. After the Janazah salaah is performed the Mayyit should be buried as soon as possible. The Mayyit should be carried and placed at the Qiblah side of the grave. The head should be on the right side of the grave if one faces the Qiblah.
2. It is desirable that Mahram or close relatives (of a female Mayyit) enter the grave to lower the body. The husband should not enter the grave to bury his wife. It is Not Masnun (Sunnah) that there be an odd number. All those who enter the grave should face the Qiblah.
3. It is Mustahab to hold a sheet over the grave while lowering and burying a female. If there is fear of her Kafn opening then it is Wajib to do so.
4. It is Mustahab for those present to recite this du’a whilst the body is being lowered:

BISMILAHI WA BIL-LAHI WA `ALA MILLATI
RASULIL-LAHI SALLALLAHU `ALAYHI WA SALLAM.

In the name of Allah and on the creed, religion and faith of Rasulullah (SAW).

5. After placing the body into the recess of the grave it is Masnun to turn it onto its Right side to face the Qiblah.
6. The strips of cloth tied at the head side, chest and leg side should now be untied (if used).
7. The recess should then be covered with unbaked bricks, bamboo or timber

HOW THE KABR (GRAVE) SHOULD BE FILLED AND SHAPED
1. It is Mustahab to begin closing the recess or trench from the leg side for males and from the head side for females. All the remaining little openings should be closed with mud or grass. The use of any fabric or blankets is unnecessary and wasteful. All those
present should participate to fill the kabr with at least three handfuls of soil. When throwing the first handful in the grave recite:

**MINHA KHALAQ NAKUM**  
From the earth did We create you.

During the second handful:  
**WA FIHA NU’IDUKUM**  
and into it shall We return you.

At the time of the third handful:  
**WA MINHA NUKHRIJUKUM TARATAN UKHRA**  
and from it shall We bring you out once again.

2. It is Makruh to add more soil to the Qabr than that which was dug out from it.
3. The shape of the kabr when filled should be like the hump of a Camel. The height should be approximately 25 to 30 cm. It should not be made square or into any other shape. All types of buildings and enclosures on or around the kabr are not permissible. Buildings on the kabr have been emphatically denounced in the hadith of Rasulullah (SAW).
4. a) **THE LAHD:** Where the ground and sides of the Kabr are firm, then a recess should be dug on the Qiblah side to allow placing the body in the recess. Unbaked bricks should preferably be used to close the recess, and made to fit neatly.

For hard ground

b) **THE SHIQ:** Where the soft nature of the ground does not allow a Lahd to be made, then a shallow trench should be dug in the centre at the bottom of the Kabr to allow the body to be placed in this trench. Timber may be used to cover this. The use of any fabrics or blankets etc, is undesirable and wasteful. The bamboo or planks must be cut to size and set to fit properly in the grave before burial, to avoid last minute inconvenience.
For soft ground

TA’ZIAT (To Sympathise With The Bereaved)
It is from the teachings of Rasulullah (SAW) that one should console and comfort a Muslim who is in distress. Rasulullah (SAW) has said: "He who consoles the one in distress shall be rewarded as much as the bereaved."

ONE SHOULD TAKE NOTE OF THESE FEW POINTS:
• One should be humble.
• Express grief.
• Speak less about worldly affairs.
• Should not joke or laugh.
• Mention the good acts and deeds of the deceased and abstain from the ill ones.
• Rasulullah (SAW) has said, "Mention the good actions of your deceased and abstain from the offensive ones."
• The time for ta'ziat extends for three days after the death. It is makruh to make ta'ziat after this period except in cases where one is not present at the janazah or when the bereaved is absent.
• Ta'ziat before the burial is permissible.

VISITING THE GRAVEYARD
Rasulullah (SAW) has mentioned, "Visit the graves, for surely visiting the graves lessens worldly love and reminds you of the hereafter." The graveyard can be visited on any day. Friday is preferred for this visit and if possible it should be on a weekly basis. It has been related in a Hadith that, "Whoever will visit his parents grave every Friday will be granted Maghfirah and he will be recorded as an obedient son of his parents."

WHAT TO READ WHEN ENTERING THE GRAVEYARD
Rasulullah (SAW) taught the Sahabah these words as salutation to the people of the graves and pray for their forgiveness:

AS-SALAMU `ALAYKUM AHLAD-DIYARI MINAL MU’MININA WAL MUSLIMINA WA INNA IN SHA-`ALLAHU BIKUM LAHIQUN. NAS’ALUL-LAHA LANA WA LAKUMUL `AFIYAH.
Peace be upon you, O you of the believers and Muslims dwelling in these abodes. Behold, if Allah wills, we shall meet you. We beseech Oh Allah safety for us and for you.

WHAT TO RECITE WHEN IN THE GRAVEYARD
There are many supplications that may be read at the graveside, the best being the recital of the Holy Qur’an. Stand facing the grave (back towards the Qiblah) and recite as much of the Qur’an as possible and make Du’a for the Maghfirah (forgiveness) of the departed. A few ways of praying for the dead, as related in the ahadith, are given hereunder:

Recite Surah Al Ikhlas 11 times.
It is related in a Hadith that whoever visits the graveyard and recites Surah Al Ikhlas 11 times and then prays for the dead, will be rewarded as many fold as the number of dead in the graveyard.
It has been reported in a Hadith that whoever visits the graveyard and recites the following chapters of Al Fatiuh, Al Ikhlas and At Takathur and then prays for the dead, the people of the grave will also ask Allah for such a person’s forgiveness.

SURAH AL FATIHAH
BISMILLAHIR-RAHMANIR-RAHIM
AL-HAMDU LILLAHI RABBIL-`ALAMIN. AR-RAHMANIR-RAHIM.
MALIKI YAWMID-DIN. IY-YAKA NA`BUDU WA IY-YAKA NASTA`IN.
IHDINAS-SIRATAL-MUSTAQIM. SIRATAL-LADHINA AN`AMTA `ALAYHIM.
GHAYRIL-MAGH-DUBI `ALAYHIM WA LAD DWALLIN. AMIN

In the name of Allah, the Most Beneficent, Most Merciful.
Praise be to Allah, Lord of the worlds. The Beneficent, the Merciful.
Master of the Day of Judgement. Thee alone we worship and to Thee alone we turn for help. Guide us to the Straight Path. The path of those whom You favoured, Not of those who earned Your anger, nor of those who went astray.

SURAH AL IKHLAS
BISMILLAHIR-RAHMANIR-RAHIM
QUL HUWAL-LAHU AHAD. ALLA-HUS-SAMAD.
MALAKI YAWMID-DIN. IY-YAKA NA`BUDU WA IY-YAKA NASTA`IN.
IHDINAS-SIRATAL-MUSTAQIM. SIRATAL-LADHINA AN`AMTA `ALAYHIM.
GHAYRIL-MAGH-DUBI `ALAYHIM WA LAD DWALLIN. AMIN

In the name of Allah, the Most Beneficent, Most Merciful.
Say: He is Allah, the One! Allah, the eternally Besought of all!
He begetteth not nor is he begotten. And there is none comparable unto Him.

SURATUH AT TAKATHUR
BISMILLAHIR-RAHMANIR-RAHIM
ALHAKUMUT-TAKATHUR. HATTA ZURTUMUL MAQABIR.
KALLA SAWFA TA’LAMUN. THUMMA KALLA SAWFA TA’LAMUN.
KALLA LAYMUT TA’LAMUNA `ILMAL YAQIN. LATARAWUNNAL JAHIM.
THUMMA LATARAWUNNAHA `AYNAL YAQIN. THUMMA LATUS’ALUNNA YAWMA`IDHIN `ANIN NA`IM.
In the name of Allah, Most Beneficent, Most Merciful
Greed of wealth has made you negligent. Until you visit your graves.
Nay, you will soon realise. Then Nay, you will soon realise.
Nay, if you knew, you will gain the conviction. Verily you have to see the Blazing Fire.
Then you have to see it with sure vision. Then you will be interrogated That Day about the delights (of the world).

SURAH YASIN
In a Hadith it is reported that if a person recites Surah Yasin in the graveyard, the punishment of the dead will be eased and the reciter will be rewarded just as much as the dead.
In this manner the Sahabah of Rasulullah (SAW) visited the graveyard. The words in the Hadith indicate only salutations and Du`a for the dead and remembering death. All other ways such as placing wreaths, flowers, paying homage etc. are incorrect according to the Shari'ah. One should thus, abstain from acting wrongly.

IDDAH & SOME MASA'IL

PERIOD OF IDDAH
1. The period of waiting after one's husband dies is called iddah. This period is of four months and ten days.
2. During this period she should remain in the dwelling that they occupied at the time of the death of her husband. She is not allowed to leave this house if she has sufficient provision. If she is the sole bread winner with no other means of income, then only is she permitted to leave her house during the day. At night she should return to his house.
3. The widow that is expecting a child at the time of the death of her husband, her Iddah will be until the birth of that child. The four month and ten days should not be reckoned in this instance.
4. If a woman is not at home at the time of her husband's death, she should return as soon as possible and pass the period of Iddah at home. The days of Iddah will be calculated from the time of the demise.
5. A woman in Iddah should abstain from using fancy clothing, makeup or jewellery. The above Masa'il are not a form of suppressing the women, rather they are there to avoid long-term problems, e.g. if a woman got married immediately upon her husbands death and unbeknown to her she was pregnant then there would be a problem with ascertaining the child's parentage and the new husband may not be willing to father the child.

A FEW NOTEWORTHY MASA'IL
The trustee of the deceased should pay all debts as soon as possible. Isaluth-thawab for the deceased should be made by feeding the poor, giving sadaqah, istighfar etc. No specific dates or days such as the third, seventh, eleventh or fortieth are mentioned in Shari'ah for such devotions.
When giving charity on behalf of the deceased, it is desirable to make niyyah for the fulfilment of Qadha (neglected) salaah of the deceased. The shari'ah has not specified any particular type or colour of clothing that should be worn by those that are bereaved. A Mayyit is one who was born alive and then passed away. It must be named and Ghusl, Kafn and Janazah must be performed.
STILLBORN CHILDREN
A stillborn child can be named, and should be given Ghusl and wrapped in a piece of cloth, (not Kafn) and then buried in a respectable manner. There is no Janazah Salaah for still born children.

MISCARRIAGES
In the case of a miscarriage, if the limbs are formed, then it can be named, and should be given Ghusl, wrapped in a piece of cloth and buried just as a still born child. If the limbs are not formed, no name will be given and there will be no ghusl. A malformed child should just be wrapped in a piece of cloth and buried.

If any one of the parents of a still born child is a Muslim, then that child will be regarded as a Muslim. Janazah Salaah should be performed for that child.

Janazah Salaah shall be offered for that person who has committed suicide or has died because of a major sin (e.g. drugs). It is desirable that someone other than the appointed Imam or reputable person of the community lead this prayer. Janazah Salaah must be performed for all Muslims, pious or sinful. It has been narrated by Abu Hurayrah that Rasulullah (SAW) said:

“One that accompanies the Janazah of a Muslim with sincerity and with the intention of thawaab, and remains with it until the salaah is performed and the mayyit is buried will return (home) with two Qiraat thawab, one qiraat is equal to the mountain of Uhud. A person who only performs the Janazah salaah and returns, will return with one qiraat thawab.”

POINTS TO PONDER OVER...
Allah has stated in the Qur’an the following verses for us to remember. They when remembered will help us forget our temporary worries and make us instead concentrate on our preparations for eternity.

AYNAMA TAKUNU YUDRIK-KUMUL MAWTU WA LAW KUNTUM FI BURUJIM-MUSHAYYADAH.

Wheresoever you may be, death will overtake you even if you are in fortresses built up strong and high!

QUL INNAL MAWTAL-LADHI TAFIRRUNA MINHU FA’INNAHU MULAQIKUM. THUMMA TURADDUNA ILA `ALIMIL GHAYBI WASH-SHAHADATI FA YUNAB-BI’UKUM BIMA KUNTUM TA`LAMUN.

Say (to them): “Verily, the death from which you flee will surely meet you, then you will be sent back to (Allah), the All-Knower of the unseen and the seen, and He will tell you what you used to do.”

QUL YATAWAFFAKUM MALAKUL MAWTIL-LADHI WUKKILA BIKUM THUMMA ILA RABBIKUM TURJA`UN
Say: “The angel of death, who is set over you, will take your souls. Then you shall be brought to your Lord.”

**MOSQUE SERVICES**

The Scunthorpe Central Mosque provides many other services which can be found on our website below:

http://www.scunthorpesmosque.co.uk

**BEREAVEMENT SERVICES**

Cost for burials can be obtained from the North Lincolnshire Bereavement Services
They can be found on their website:

http://www.northlincs.gov.uk

North Lincolnshire Council is now able to provide Muslim (Shroud) Burials in accordance with the Shariah. A SHIQ type Muslim grave can be provided on request by using preformed burial chamber for shroud burials.

They also have a purpose built Funeral Prayer area for Muslims in the Woodlands Crematorium which can be used for Janazah Prayer before burial.
HOSPITAL CARE FOR MUSLIMS DYING/DEATH

The following procedure will be adhered to by the Hospital Trust as part of their policy.

The dying Muslim may wish to sit or lay with his/her face towards Mecca. Moving the bed to make this possible will be appreciated. The family may recite prayers around the bed. If no family member is available any practising Muslim can help.

The patient/service user may ask for the Imam (Muslim religious leader) to visit. This will be arranged by the Hospital; they will also issue a Muslim funeral guide booklet which will have contact information as well as what to do.

After death Health workers will ask you on how to prepare the body.

The body should be prepared according to the wishes of the family who will be able to get Islamic guidance from the booklet given to them which covers the Islamic requirements in detail.

If the family are not available, the following procedures should be followed:

- As soon as a person dies their eyes should be gently closed.
- Gently close the mouth if open by holding the head and lifting the chin up.
- Straighten the limbs carefully and gently if possible.
- Place the toes together if possible.
- Turn the head towards the right shoulder before rigor mortis begins. This is so that the body can be buried with the face towards Mecca.
- Remove any jewellery such as rings, necklaces, bracelets and nose studs.
- Do not wash the body, nor cut hair and nails.
- Wrap the body in a plain white sheet.
- All devices should be removed where practicably possible before rigor mortis begins.
- Body should be covered totally including the head with a clean sheet; this is so that dignity is maintained.

Muslims believe in the resurrection of the body after death therefore Muslims are always buried never cremated. The family and Muslim undertakers before burial will ritually wash the body. Muslim funerals take place as soon as practicable according to the Shariah (Islamic Law). If a delay is unavoidable explain the reasons carefully to the relatives.

If a death has to be reported to the Coroner, the Coroner should be informed that the patient/service user was a Muslim and be asked if the procedures can take place as quickly as possible.

If the family wish to view the body, staff should ask the mortician to ensure that the room is free of any religious symbols (not an Islamic requirement but can be removed if family wish).

Post Mortem – Post mortems are forbidden unless ordered by the coroner in which case reasons for it must be clearly explained to the family. Any organs removed should be returned to the body after examination.
THE HOSPITAL TRUST WILL ALSO ASSIST IN THE FOLLOWING WHERE PRACTICABLY POSSIBLE:

How to get medical certificate out of hours or holiday periods (Bank Holidays, Christmas holidays, Easter holidays).

The Trust is putting an information pack together to assist in this as soon as possible.

How to get in touch with Coroner if required (out of hours/ holidays)

The families can either ring the Coroner’s Office direct (01472 324005) where there are instructions for them to follow and a mobile number is given if it is an emergency or it is usually better for family funeral directors to liaise with the Coroner’s Officer on their behalf.

Access to the morgue if required/ retrieval of body from hospital morgue.

There is always member of staff available out of hours to attend the mortuary if a body needs to be released quickly. They are contactable via the hospital switchboard 24 hours a day.

Does the body have to be put in the morgue if burial is organised quickly enough?

No. The family should be told that it is possible to have the body collected directly from the ward, but depends on three factors.

- Whether the ward can accommodate the deceased until they are collected (This should be within a maximum of 4 hours and with permission of the Ward Manager)
- Whether the deceased is required to be referred to the Coroner. (If an autopsy is required then the deceased will have to be admitted to the mortuary)
- The availability of a doctor(s) to sign a death certificate and cremation forms, if needed.

If the ward can accommodate the deceased and there is to be no autopsy, then the family must make arrangements with their nominated Funeral Director to remove the body immediately. The Mortuary Transfer Form should be sent to the mortuary and the deceased booked into the mortuary register as normal with an explanation that the body has been removed directly from the ward. The Funeral Director will be required to visit the mortuary to sign for the body.
